Importance: High

Vince

Here is the cancer dose-response for your review. (It does not say so in the name of the file but I do not want to change that and cause a confusion with the other reviewers.) See email below for pages to be reviewed.

Subject: BaP revised cancer dose-response attached for management review
Importance: High

The revised cancer dose-response sections of the BaP document are attached for your review. Note that even though only the cancer dose-response has been revised here, the other sections are also retained so that page and Table numberings are not messed up. Only pages 2-26 to 2-41 are to be reviewed.

I understand Vince prefers to see the version with track changes on so as to know the changes made. Some bubbled comments, not all, are retained.

Thanks to the team for the hard work! We are getting there. . .
